ABOUT FORMATEX

FORMATEX TRADING LTD is a trading company focused on workwear, safety footwear and personal protective equipment.

WHAT WE DO

We supply workwear, footwear and protective equipment to companies, institutions and professional teams. The range covers everyday workwear, winter and specialised protective clothing, footwear by protection class, personal protective equipment and clothing for professions with their own requirements.

HOW WE WORK

Our main way of working is the request for quotation. The customer describes the team and the working conditions or chooses items from the catalogue, and we prepare a proposal for the quantities, sizes and branding requirements.

WHO IT IS FOR

We accept inquiries from small companies with a few employees and from enterprises with more than a thousand workplaces alike. In both cases the aim is the same — for people to receive suitable clothing and protection on time.

HOW WE WORK

01

Inquiry

You send a list of items from the catalogue or a description of what your team needs.

02

Clarification

We agree models, sizes, quantities and branding.

03

Quotation

You receive a quotation prepared for your company.

04

Delivery

We deliver to an agreed schedule — at once or in stages.

NOTES ON THE CATALOGUE

- The price is set in a quotation, depending on quantity, sizes and branding.
- The standards are listed as given in the manufacturer's catalogue. The current edition and the classes achieved are confirmed by the technical documentation supplied with the delivery.
- Colour swatches are indicative and may differ from the actual shade.
- Photographs are illustrative.

MILWAUKEE FX-00968

SAFETY GLASSES MAGNIFIED CLEAR (+1.0)

Safety glasses with built-in +1.0 magnification for work with small components, text and tools in industrial, laboratory and craft environments.

EN 166

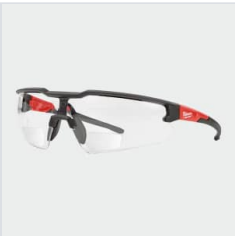

MILWAUKEE FX-00969

SAFETY GLASSES MAGNIFIED CLEAR (+1.5)

Safety glasses with built-in +1.5 magnification for work with small components, text and tools in industrial, laboratory and craft environments.

EN 166

MILWAUKEE FX-00970

SAFETY GLASSES MAGNIFIED CLEAR (+2.0)

Safety glasses with built-in +2.0 magnification for work with small components, text and tools in industrial, laboratory and craft environments.

EN 166

MILWAUKEE FX-00971

SAFETY GLASSES MAGNIFIED CLEAR (+2.5)

Safety glasses with built-in +2.5 magnification for work with small components, text and tools in industrial, laboratory and craft environments.

EN 166

MILWAUKEE FX-00972

SAFETY GLASSES OVER CLEAR

Lightweight safety glasses with scratch-resistant lenses, anti-fog coating and flexible frames; suitable for extended wear.

EN 166, EN 170, EN 172

MILWAUKEE FX-00973

SAFETY GLASSES OVER TINTED

Lightweight safety glasses with scratch-resistant lenses, anti-fog coating and flexible frames, suitable for extended wear.

EN 166, EN 170, EN 172

EYE AND FACE PROTECTION / FACE SHIELDS AND VISORS

9 MODELS

BOLLE FX-00907

FACE SHIELD BLAST

Polycarbonate visor with UV protective filters for the BLAST series; provides full visibility and can be used as a face shield.

EN 166

CLIMAX FX-01090

FACE SHIELD WITH EAR MUFFS JAM

Metal mesh face shield in a rigid frame with ear muffs for eye and face protection; size 20 × 32 cm.

EN 352, EN 1731

EYE AND FACE PROTECTION / FACE SHIELDS AND VISORS (continued)

9 MODELS

CLIMAX FX-01091

FACE SHIELD MESH

Face shield with transparent mesh in a rigid plastic frame with handle for eye and face protection; size 20 × 32 cm.

EN 1731

STARLINE FX-01105

FACE SHIELD BONA

Lightweight construction for VISOR face shield, adjustable up to 90°, with head covering and mechanical fastening part.

EN 166

STARLINE FX-01106

FACE SHIELD BRACKET BRACKET

Aluminium helmet bracket for the VISOR face shield; suitable for various helmet models.

EN 166

CLIMAX FX-01108

FACE SHIELD HOLDER ATALE

Face shield holder with helmet adapter, suitable for GOLEM and TWIST helmets; can be used with face shield 324 RG/N.

CLIMAX FX-01110

FACE SHIELD HEADGEAR ATALAJE

Lightweight headband for face shield 324 RG/N.

CLIMAX FX-01111

FACE SHIELD 324 RG

Polycarbonate face shield against particle impact when working with hazardous machines and tools; protects from liquid splashes and is UV-resistant.

EN 166, EN 170

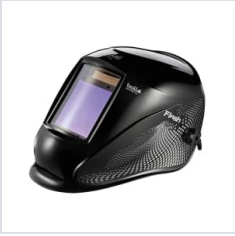

CLIMAX FX-01112

REPLACEMENT VISOR AUTOWELD S

Replacement filter (visor) for the AUTOWELD welding mask; complies with the standard for helmets and eye protection in welding.

EYE AND FACE PROTECTION / WELDING HELMETS

6 MODELS

BOLLE FX-01081

WELDING HELMET FLASHY

Welding mask with panoramic visibility, variable shades, four independent sensors, reaction time 0.10 ms and permanent UV and IR protection.

EN 166, EN 175, EN 379

CLIMAX FX-01107

AUTO-DARKENING WELDING HELMET AUTOWELD

Automatic polyamide welding mask with auto-darkening filter; the shade (DIN 9—13) and sensitivity are adjustable.

EN 379, EN 175

EYE AND FACE PROTECTION / WELDING HELMETS (continued)

6 MODELS

CLIMAX FX-01109

WELDING HELMET HELM

Polyamide welding mask for personal eye protection during welding, with a neck guard and adjustable head strap.

EN 169, EN 175

CLIMAX FX-01113

WELDING HELMET LENS RIMO

Colourless filter for HELM series welding helmets; the RIMO series covers filters with shade 4—14.

Optical class: 1

CLIMAX FX-01114

WELDING HELMET LENS RIMO TH10

Welding filter with shade TH10 for HELM series helmets; the RIMO series covers filters with shades 4—14.

Optical class: 1

CLIMAX FX-01115

WELDING HELMET LENS RIMO TH9

Welding filter with shade TH9 for HELM series helmets; the RIMO series covers filters with shades 4—14.

Optical class: 1

RESPIRATORY PROTECTION / FILTERING HALF MASKS

17 MODELS

3M FX-00993

DISPOSABLE MASK FFP1 AURA™ 9310+ P1

Foldable disposable mask with three-panel design and moulded nose panel for protection against low levels of dust and particles, for example during manual sanding.

EN 149

3M FX-00994

DISPOSABLE MASK FFP2 WITH VALVE 8822 P2V

Disposable FFP2 mask with Cool Flow™ valve that vents exhaled air, with double strap, adjustable clip and soft foam in the nose area.

EN 149

3M FX-00995

DISPOSABLE MASK FFP2 WITH VALVE 9322+ P2V

Disposable FFP2 mask with valve for protection against low levels of dust and particles, with a foldable three-panel design, soft foam and a clip in the nose area.

EN 149

3M FX-00996

DISPOSABLE MASK FFP2 WITH VALVE 9926ANZ P2V

Disposable mask with valve for protection against medium levels of fine dust particles, oil and water mists; reduces odours from acid gases.

EN 149

3M FX-00997

DISPOSABLE MASK FFP3 WITH VALVE 8833 P3V

Disposable mask with exhalation valve against low levels of dust and particles; three-panel design, soft foam and a clip in the nose area.

EN 149

3M FX-00998

DISPOSABLE MASK FFP3 WITH VALVE 9332+ P3V

Disposable mask with valve and a moulded nose panel for better compatibility with glasses; protects against dust and mist in various industrial applications.

EN 149

RESPIRATORY PROTECTION / **FILTERING HALF MASKS** (continued)

17 MODELS

BLS FX-00999

DISPOSABLE RESPIRATOR FFP3 WITH ACTIVATED CARBON ZERO C

Disposable mask with valve and activated carbon for protection against gases and vapours; also protects against viruses, hardwood, asbestos and lead.

EN 149

BLS FX-01000

DISPOSABLE RESPIRATOR FFP3 WITH VALVE ZERO

Disposable mask with valve and outer protective layer, making breathing easier; protects against viruses, hardwood, stainless steel, aluminium, asbestos and lead.

EN 149

BLS FX-01001

FOLDABLE RESPIRATOR FFP3 WITHOUT VALVE 503

Foldable mask without valve against viruses, droplet infections, dust particles, aerosols and fungal spores; elastic fastening bands and adjustable nose clip.

EN 149

☐ White

BWOLF FX-01002

FOLDABLE RESPIRATOR FFP1 WITH VALVE LYNX P1V

Foldable disposable mask with valve, external nose clip and elastic bands; protection against dust particles from cement, gypsum and textile fibres.

EN 149

BWOLF FX-01003

FOLDABLE RESPIRATOR FFP2 WITH VALVE LYNX P2V

Foldable disposable mask with valve, external nose clip and elastic bands; protection against bacteria, soil dust, soot, concrete, stone, softwood and mould.

EN 149

BWOLF FX-01004

FOLDABLE RESPIRATOR FFP3 WITH VALVE LYNX P3V

Foldable disposable mask with valve, external nose clip and elastic bands; protection against viruses, hardwood, stainless steel, aluminium, asbestos and lead.

EN 149

CLIMAX FX-01005

FOLDABLE RESPIRATOR FFP1 WITH VALVE GAIA P1V

Foldable disposable mask with valve, external nose clip and elastic bands; protection against dust particles from cement, gypsum and textile fibres.

EN 149

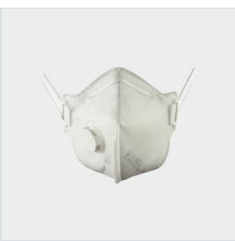

CLIMAX FX-01006

FOLDABLE RESPIRATOR FFP2 WITH VALVE GAIA P2V

Foldable disposable mask with valve, external nose clip and elastic bands; protection against bacteria, soil dust, soot, concrete, stone, softwood and mould.

EN 149

CLIMAX FX-01007

FOLDABLE RESPIRATOR FFP3 WITH VALVE GAIA P3V

Foldable disposable mask with valve, external nose clip and elastic bands; protection against viruses, hardwood, stainless steel, aluminium, asbestos and lead.

EN 149

JSP FX-01008

DISPOSABLE MASK WITH TYPHOON™ VALVE SPRINGFIT™ FFP2

Disposable mask with Typhoon™ valve for easier breathing and less build-up of moisture and heat; for manual sanding, repairs and decorative work.

EN 149

☐ White

RESPIRATORY PROTECTION / FILTERING HALF MASKS (continued)

17 MODELS

JSP FX-01009

DISPOSABLE MASK WITH TYPHOON™ VALVE SPRINGFIT™ FFP3

Disposable mask with Typhoon™ valve for easier breathing and less build-up of heat and moisture; for manual sanding, repairs and decorative work.

EN 149

☐ White

RESPIRATORY PROTECTION / HALF AND FULL FACE MASKS

19 MODELS

3M FX-00974

HALF MASK 6200

Reusable half mask of lightweight elastomer material, for protection from gases, vapours and particles; low-profile, with bayonet connection for two filters.

EN 140

3M FX-00975

HALF MASK 6300

Reusable half mask of lightweight elastomer material, for protection from gases, vapours and particles; low-profile, with bayonet connection for two filters.

EN 140

3M FX-00976

FULL FACE MASK 6800

Reusable full face mask for protection against gases, vapours and particles, with wide polycarbonate lens and soft silicone seal.

EN 136, EN 166

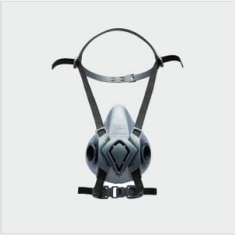

3M FX-00977

FULL FACE MASK 6900 L

Reusable full face mask with polycarbonate lens and elastomer face piece, for protection against gases, vapours and particles.

EN 136

BLS FX-00978

HALF MASK EVO R

Half mask with two replaceable filters and bayonet connection, with a thermoplastic rubber seal and multi-stage fastening.

SIZES
S/M, M/L

EN 140

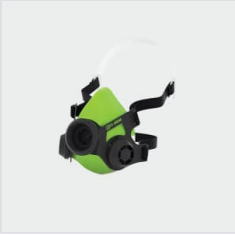

BLS FX-00979

HALF MASK EVO S

Half mask with two replaceable filters and bayonet connection, with a silicone seal and multi-stage fastening.

SIZES
S/M, M/L

EN 140

BLS FX-00980

HALF MASK STEON

Half mask with one replaceable filter on a central thread and two additional exhalation valves, with a silicone seal.

EN 140, EN 148-1

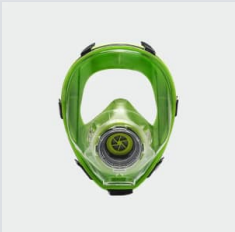

BLS FX-00981

FULL FACE MASK ARISO R

Full face mask with one replaceable filter on a central thread, inner silicone and outer rubber seal and panoramic polycarbonate visor.

EN 136, EN 148-1

RESPIRATORY PROTECTION / **HALF AND FULL FACE MASKS** (continued) 19 MODELS

BLS FX-00982

FULL FACE MASK ARISO S

Full face mask with one replaceable filter on a central thread, outer and inner silicone seal and panoramic polycarbonate visor.

EN 136, EN 148-1

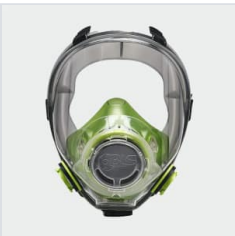

BLS FX-00983

FULL FACE MASK VALUNE

Full face mask with ergonomic design for protection against harmful dust particles, with one replaceable filter, rubber seal and polycarbonate visor.

EN 136, EN 148-1

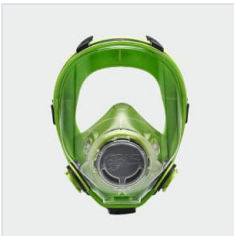

BLS FX-00984

FULL FACE MASK ZEAL R

Full face mask with two replaceable filters and bayonet connection, with thermoplastic rubber outer seal and panoramic polycarbonate visor.

EN 136

BLS FX-00985

FULL FACE MASK ZEAL S

Full face mask with two replaceable filters and bayonet connection, with silicone outer seal and panoramic polycarbonate visor.

EN 136

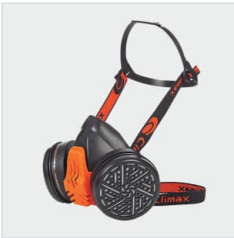

CLIMAX FX-00986

HALF MASK AURA

Half mask with one filter for protection from dust, bacteria and solid particles, made of soft rubber, with a comfortable retaining strap.

EN 140

CLIMAX FX-00987

HALF MASK BREATHE

Half mask with two filters for protection from organic gases and dust, made of soft rubber, with a comfortable retaining strap.

EN 140

CLIMAX FX-00988

HALF MASK EVIOR

Half mask with one filter for protection from organic, inorganic and acid gases, vapours and ammonia (class 1), made of soft rubber.

EN 140

CLIMAX FX-00989

HALF MASK SKY

Half mask with two filters for protection from organic, inorganic and acid gases, vapours and ammonia (class 1), made of soft rubber.

EN 140

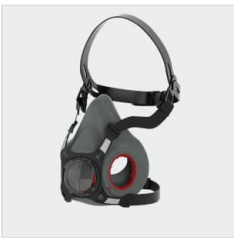

CLIMAX FX-00990

FULL FACE MASK NUXENO

Natural rubber full face mask with scratch-resistant coated polycarbonate visor; filters are selected separately according to the protection required.

EN 136, EN 148-1

JSP FX-00991

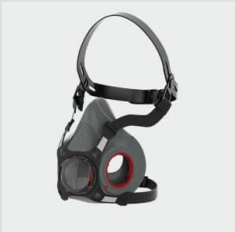

HALF MASK FORCE®8-L

Reusable half mask of lightweight thermoplastic rubber for protection from gases, vapours and particles, with bayonet attachment of the filters.

EN 140, EN 14387

RESPIRATORY PROTECTION / HALF AND FULL FACE MASKS (continued)

19 MODELS

JSP FX-00992

HALF MASK FORCE®8-M

Reusable half mask of lightweight thermoplastic rubber for protection from gases, vapours and particles, with bayonet attachment of the filters.

RESPIRATORY PROTECTION / FILTERS AND ACCESSORIES

41 MODELS

3M FX-01010

GAS AND PARTICLE FILTER A2B2E2K2HGP3 6099

Filter against organic and inorganic gases, acid gases, ammonia, mercury, formaldehyde and dust. For 3M™ 6000 and 7000 series full face masks.

EN 14387

3M FX-01011

FILTER COVER D701

Reusable cover for combining gas and vapour filters with particulate filters from the 3M™ Secure Click™ 7000 series; for HF-800 respirators.

3M FX-01012

PARTICLE PRE-FILTER P2 R 5925

Pre-filter for low concentrations of airborne particles, including fine dust and mists. Attaches to 3M™ 6000 series gas and vapour filters with holder 501.

EN 14387

3M FX-01013

PARTICLE PRE-FILTER P2 R D7925

Pre-filter against dust, mists and other particles, including metal fumes. For Secure Click™ HF-800SD and FF-800 respirators and for D8000 series gas and vapour filters.

EN 14387

3M FX-01014

PARTICLE PRE-FILTER P3 R D7935

Pre-filter against dust, mists and other particles, including metal fumes. For Secure Click™ HF-800SD and FF-800 respirators and for D8000 series gas and vapour filters.

EN 14387

3M FX-01015

DUST PARTICLE FILTER P2 R D3125

Filter against dust, mists and other particles, low-profile and dual-flow. Connects via Secure Click™ to 3M™ HF-800SD and FF-800 series respirators.

EN 14387

3M FX-01016

PARTICLE FILTER P1 R 5911

Filter for low concentrations of airborne particles, including fine dust and water and oil mists. For 3M half and full face masks with bayonet connection.

EN 14387

3M FX-01017

PARTICLE FILTER P2 R 2125

Filter against dust, mists and other particles, including some biological airborne particles. For 3M™ 6000, 6500QL and 7500 series half and full face masks.

EN 14387

RESPIRATORY PROTECTION / ## FILTERS AND ACCESSORIES (continued) 41 MODELS

3M FX-01018

PARTICLE FILTER P3 R 2135

Filter against dust, mists and other particles, including some biological airborne particles. For 3M™ 6000, 6500QL and 7500 series half and full face masks.

EN 14387

3M FX-01019

FILTER A1B1E1 6057

Filter against organic gases and vapours with a boiling point above 65 °C, inorganic and acid gases; for 6000, 6500QL and 7500 series half and full face masks.

EN 14387

3M FX-01020

FILTER A1B1E1K1 6059

Filter against organic gases and vapours with a boiling point above 65 °C, inorganic and acid gases and ammonia; for 6000, 6500QL and 7500 series masks.

EN 14387

3M FX-01021

FILTER A1B1E1K1 D8059

Dual-flow filter against organic gases and vapours with a boiling point above 65 °C, inorganic and acid gases and ammonia; for HF-800SD series respirators.

EN 14387

3M FX-01022

FILTER A1B1E1K1P3 D8094

Filter against organic gases and vapours with a boiling point above 65 °C, inorganic and acid gases, ammonia, formaldehyde (up to 10 ppm) and particles; for HF-800SD and FF-800.

EN 14387

3M FX-01023

FILTER A2 6055

Filter cartridge against organic gases and vapours with a boiling point above 65 °C; for 6000, 6500QL and 7500 series half and full face masks.

EN 14387

3M FX-01024

FILTER A2 D8055

Dual-flow filter against organic gases and vapours with a boiling point above 65 °C; for HF-800SD series half and full face masks.

EN 14387

BLS FX-01025

PRE-FILTERS FOR MASK KANG 301

Set of two P2 pre-filters from the 200 series for masks with bayonet connection, for hazardous particles; intended for all filters without P3 protection.

Packaging: 2 pieces per set

BLS FX-01026

FILTERS FOR MASK KANG 221 A2P3

Set of two filters from the 200 series for full face and half masks with bayonet connection, for organic gases and vapours, class 2, and toxic particles.

EN 14387

BLS FX-01027

FILTERS FOR MASK KANG 222 ABEK1P3

Set of two filters from the 200 series for masks with bayonet connection, for organic, inorganic and acid gases, vapours, class 1 ammonia and toxic particles.

EN 14387

RESPIRATORY PROTECTION / **FILTERS AND ACCESSORIES** (continued) 41 MODELS

BLS FX-01028

FILTERS FOR MASK KANG 225 AXP3

Set of two filters from the 200 series for masks with bayonet connection, for organic, inorganic and acid gases and vapours (class 2) and toxic particles.

EN 14387

BLS FX-01029

FILTERS FOR MASK KANG 243 ABEK2

Set of two filters from the 200 series for masks with bayonet connection, for organic, inorganic and acid gases, vapours and class 2 ammonia.

EN 14387

BLS FX-01030

FILTERS FOR MASK KANG 244 K2

Set of two filters from the 200 series for full face and half masks with bayonet connection, for protection against ammonia and its derivatives, class 2.

EN 14387

BLS FX-01031

FILTERS FOR MASK KANG 254 ABEK2P3 R

Set of two filters from the 200 series for masks with bayonet connection, for organic, inorganic and acid gases and vapours, class 2 ammonia and toxic particles.

EN 14387

BLS FX-01032

MASK FILTER DIRAN 401 P3

DIRAN 400 series filter for full face and half masks with one replaceable filter. Class P3, for toxic particles.

EN 14387

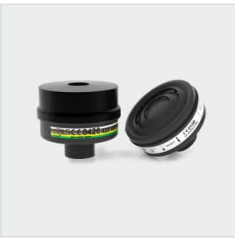

BLS FX-01033

MASK FILTER DIRAN 411 A2

DIRAN 400 series filter for full face and half masks with one replaceable filter. Class A2, for organic gases and vapours.

EN 14387

BLS FX-01034

MASK FILTER DIRAN 413 K2

DIRAN 400 series filter for full face and half masks with one replaceable filter. Class K2, for ammonia and its derivatives.

EN 14387

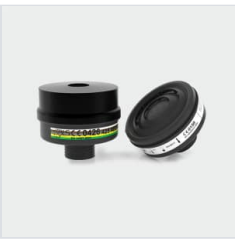

BLS FX-01035

MASK FILTER DIRAN 415 ABEK2

DIRAN 400 series filter for full face and half masks with one replaceable filter. Class ABEK2, for organic, inorganic and acid gases and vapours and for ammonia.

EN 14387

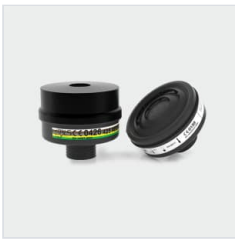

BLS FX-01036

MASK FILTER DIRAN 421 A2P3 R

DIRAN 400 series filter for full face and half masks with one replaceable filter. Class A2P3 R, for organic gases and vapours and for toxic particles.

EN 14387

BLS FX-01037

MASK FILTER DIRAN 422 AXP3

DIRAN 400 series filter for full face and half masks with one replaceable filter. Class AXP3, for organic gases and vapours with a boiling point below 65 °C and for toxic particles.

EN 14387

RESPIRATORY PROTECTION / **FILTERS AND ACCESSORIES** (continued) 41 MODELS

BLS FX-01038

MASK FILTER DIRAN 424 ABEK1P3 R

DIRAN 400 series filter for full face and half masks with one replaceable filter. Class ABEK1P3 R, for gases, vapours, ammonia and toxic particles.

EN 14387

BLS FX-01039

MASK FILTER DIRAN 425 ABEK2P3 R

DIRAN 400 series filter for full face and half masks with one replaceable filter. Class ABEK2P3 R, for gases, vapours, ammonia and toxic particles.

EN 14387

BLS FX-01040

MASK FILTER DIRAN 430 ABEK2HGP3

DIRAN 400 series filter for full face and half masks with one replaceable filter. Class ABEK2HgP3, for gases, vapours, ammonia and toxic particles.

EN 14387

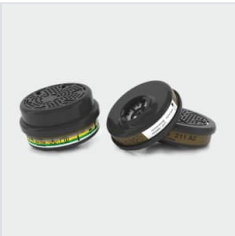

BLS FX-01041

MASK FILTER KANG 202 P3

KANG 200 series filter for full face and half masks with two replaceable filters and BAYONET connection. Class P3, for toxic particles.

EN 14387

BLS FX-01042

MASK FILTER KANG 211 A2

KANG 200 series filter for full face and half masks with two replaceable filters and BAYONET connection. Class A2, for organic gases and vapours.

EN 14387

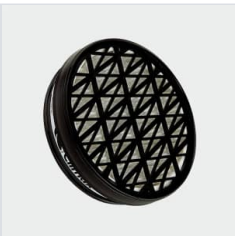

BLS FX-01043

MASK FILTER KANG 214 ABEK1

KANG 200 series filter for full face and half masks with two replaceable filters and BAYONET connection. Class ABEK1, for gases, vapours and ammonia.

EN 14387

CLIMAX FX-01044

MASK FILTER AURA F P3

Filter with P3 protection for AURA half mask, suitable for very dusty rooms; used by welders, carpenters and forestry workers.

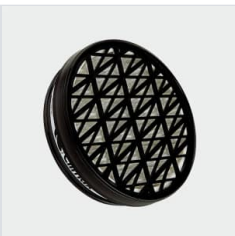

CLIMAX FX-01045

MASK FILTER BREATHE F A1P3

A1P3 combination filter for BREATHE half mask, for rooms with both gas fumes and dust particles present.

EN 14387

CLIMAX FX-01046

MASK FILTER EVIOR F ABEK1

Class 1 combination filter for EVIOR half mask, for protection against organic and inorganic gases and vapours, sulphur dioxide, acid gases and ammonia.

EN 14387

CLIMAX FX-01047

MASK FILTER SKY F ABEK1

Class 1 filter for SKY half mask, for protection against organic and inorganic gases and vapours, sulphur dioxide, acid gases and ammonia.

EN 14387

RESPIRATORY PROTECTION / FILTERS AND ACCESSORIES (continued)

41 MODELS

JSP FX-01048

MASK FILTER FORCE®8 F-2710 ABEK1

Bayonet-fitting filter for Force®8 series half masks, for protection against organic, inorganic, sulphur and acid gases and vapours, ammonia and its derivatives.

EN 14387

JSP FX-01049

FILTER PRESS TO CHECK™ ABEK1P3

Combination filter with bayonet fitting for Force®8 half masks, for organic, inorganic and acid gases, vapours, ammonia and solid and liquid particles.

EN 14387

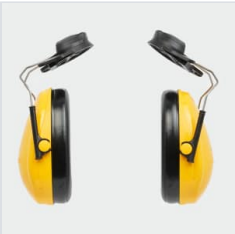

JSP FX-01050

FILTER PRESS TO CHECK™ P3 R

Bayonet-fitting filter for Force®8 half masks, for protection against solid and liquid particles, including dust, smoke and aerosols.

HEARING PROTECTION / EAR MUFFS

20 MODELS

3M FX-01051

HELMET-MOUNTED EAR MUFFS OPTIME™ I H510P3E-405-GU

Ear muffs for mounting on a safety helmet, for environments with moderate industrial noise; can be used together with face shields and glasses.

EN 352

Yellow

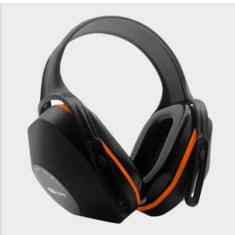

3M FX-01052

EAR MUFFS OPTIME™ III H540A-411-SV

Ear muffs for extremely high-noise environments with attenuation up to 34 dB and double shell housing that limits the resonance effect.

EN 352

Black

CLIMAX FX-01053

OVER-EAR HEARING PROTECTORS 9-P

Ear muffs for protection against prolonged exposure to loud noise; made of polypropylene, with memory foam ear cushions.

EN 352

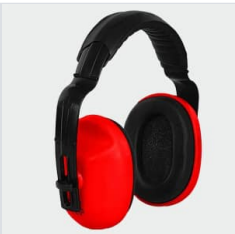

CXS FX-01054

HELMET-MOUNTED EAR MUFFS EP167

Ear muffs for safety helmet with multi-level adjustment and ergonomic cup design; suitable for almost all helmet models.

EN 352

Black

CXS FX-01055

EAR MUFFS EP106 R

Ear muffs with multi-level adjustment and ergonomic cup design, anatomically designed for comfort during prolonged use.

EN 352

Red

CXS FX-01056

EAR MUFFS EP106 Y

Ear muffs with multi-level adjustment and ergonomic cup design, anatomically designed for comfort during prolonged use.
