ABOUT FORMATEX

FORMATEX TRADING LTD is a trading company focused on workwear, safety footwear and personal protective equipment.

WHAT WE DO

We supply workwear, footwear and protective equipment to companies, institutions and professional teams. The range covers everyday workwear, winter and specialised protective clothing, footwear by protection class, personal protective equipment and clothing for professions with their own requirements.

HOW WE WORK

Our main way of working is the request for quotation. The customer describes the team and the working conditions or chooses items from the catalogue, and we prepare a proposal for the quantities, sizes and branding requirements.

WHO IT IS FOR

We accept inquiries from small companies with a few employees and from enterprises with more than a thousand workplaces alike. In both cases the aim is the same — for people to receive suitable clothing and protection on time.

HOW WE WORK

01

Inquiry

You send a list of items from the catalogue or a description of what your team needs.

02

Clarification

We agree models, sizes, quantities and branding.

03

Quotation

You receive a quotation prepared for your company.

04

Delivery

We deliver to an agreed schedule — at once or in stages.

NOTES ON THE CATALOGUE

- The price is set in a quotation, depending on quantity, sizes and branding.
- The standards are listed as given in the manufacturer's catalogue. The current edition and the classes achieved are confirmed by the technical documentation supplied with the delivery.
- Colour swatches are indicative and may differ from the actual shade.
- Photographs are illustrative.

WORKWEAR

Winter and summer work jackets, sets, bib trousers, vests, trousers and T-shirts.

BWOLF FX-00108

HOW WE WORK

From inquiry to delivery.

01

Inquiry

You send a list of items from the catalogue or a description of what your team needs.

02

Clarification

We agree models, sizes, quantities and branding.

03

Quotation

You receive a quotation prepared for your company.

04

Delivery

We deliver to an agreed schedule — at once or in stages.

REQUEST FOR QUOTATION

Our main way of working is the request for quotation. The customer describes the team and the working conditions or chooses items from the catalogue, and we prepare a proposal for the quantities, sizes and branding requirements.
